Education

Savitribai Phule Pune University   *Jul 2019 – Jul 2023*
Bachelor of Engineering from Information Technology   *7.99 CGPA*

Work Experience

Web Developer Intern   *Remote*
Oasis Infobyte

- Developed a dynamic quote writing application allowing users to contribute their own quotes and share them with others, utilizing HTML, CSS, JavaScript, react, vite, MongoDB.
- Designed a professional portfolio website showcasing projects, skills, achievements and more.

Projects

Online Shopping E-Commerce Live link
github code

–Developed a robust e-commerce platform leveraging HTML, CSS, Bootstrap, JavaScript, EJS, Express, Node.js, MongoDB, Middleware, REST API and Mongoose, to provide users with seamless navigation and functionality.
–Implemented user account creation functionality, enabling users to easily register and access personalized features and services.
–Integrated product browsing and commenting features, allowing users to explore products, share feedback, and engage in community interaction.
–Enhanced user experience with intuitive add-to-cart and checkout functionalities, enabling hassle-free transactions, with secure payment processing facilitated by Stripe integration.

Let's- chat Live link
github code

–Created an interactive full stack chat application featuring real-time messaging functionality using technologies such as HTML, Chakra UI, JavaScript, React.js, Node.js, MongoDB, and Socket.IO.
–Established a secure authentication system using JSON Web Tokens (JWT), ensuring user authentication and authorization for accessing chat features.
–Implemented dynamic message updates and typing indicators using Socket.IO, providing users with instant notifications for new messages and active chat participants.

50-DSA Problems Live Link
github code

–Created a user-friendly web application using HTML, CSS, and JavaScript, designed to assist students in mastering Data Structures and Algorithms (DSA) concepts.
–Implemented a repository of 50 DSA problems categorized by topic, allowing users to view and solve problems using an integrated development environment (IDE).
–Incorporated features such as hint sections and code solutions to aid users when they encounter difficulties, enhancing the learning experience and promoting problem-solving skills.

Skills

Languages & Libraries: C | C++ | DSA | HTML | CSS | JavaScript | React | Bootstrap | Tailwind CSS
Tools & Software: VS Code | GitHub | MongoDb
Soft Skills: Creative Thinking | Decision making | Management

Achievements

-Solved 400+ DSA questions on Codechef Link
-Solved 200+ DSA questions on GeeksForGeeks Link
